

We aim to connect women in Technology, make them visible and help them grow their potential via a unique development platform We are proud to have **D&I index** in VF CZ 97% and **Diversity** ratio 48%

We are struggling with bringing talented women to Technology (20%) and developing them (F band ratio is 10%)

I. Development & II. Networking

II. Building WIT network& celebrating our success stories

- Getting to know each other better activities
- Ensuring our women are regularly presented at VF Heroes
- Wall of Fame our women's success stories.
- Publicity for successful women
- Drink /afternoon coffee once in 3months with an inspirational speaker
- Cooperation with other OpCos, building a buddy network, find female counterparts in similar roles

Inspirational speakers

III. Customer Experience

What

 Focus on female customers' view (both consumer and enterprise)

Events

- Active participation in all parts of the CX program (Vodafone That's Me)
- Use existing meaningful and appropriate activities: Shop visit & Mystery Shops, Shadowing Sales personnel, Listening to selected calls
- Tailored workshops

March 2016

Joint WIT shop

May2016

Joint event.

evaluation

October 2016

Joint Orange / Lemon

calls evaluation

December 2016

Joint WIT shop visit

Vodafone That's Me = Modul B

IV. Universities

Key components: Participation in Girls day

- Annual international event luring girls into technical fields (fourth Thursday in April)
- In Czech Republic supported by Gender Studies organization supporting diversity and connecting different NGOs
- One day program (site visit, core location visit, demonstration of RAN planning....)

Plan to cooperate with various Technical Universities (ČVUT Praha, TUO Ostrava, ZČU Plzeň, TUL Liberec, VUT Brno)

- Invite students to spend one day in VF
- Presentations at University
- Internships
- Cooperation with female groups already active in these Universities

V. CSR

Day for Nonprofits to be dedicated to:

Women with children that have existential problems as single parenting

Principles of the Day organization:

- Selected NGO is or will be a long term partner of Vodafone Foundation
- Our Day is to be aligned with VF motto "Modern technologies help"
- Our focus is mainly on providing professional background to the women

Long term goal:

- No one-time action but a long term cooperation with NGO focusing on fragile social groups
- Bring value to the society
- Fun with WIT team, possibly including other women in VF or IT women outside of VF

What we already did:

- To bound cooperation with Aperio NGO focusing on single caring mums
- 18th May 2016 Day for Nonprofits in VF for Aperio clients and their kids
 - 16 women, whole day high volume agenda (babysitting included)
 - HRD opening, IT and Telco buss presentation, HR and Finance mentoring
